EXPERIENCE

Content Clipper

Jun 2026 – Present

Whop – Remote

- Created engaging short-form content by clipping and editing long-form videos for online audiences.
- Edited clips with captions, transitions, zoom effects, and pacing optimized for platforms such as TikTok, Instagram Reels, and YouTube Shorts.
- Maintained high editing quality while managing multiple creator requests and creator guidelines.

Front-end Web Developer

2025 – Present

Freelance – Self-employed, Remote

- Managed freelance projects from planning and development to deployment, maintaining clear communication with clients and delivering high-quality work within agreed timelines.
- Utilized Git and GitHub for version control, project organization, and efficient management of development workflows.
- Integrated contact forms, navigation, and interactive elements to enhance user experience.

Graphic Designer

2022 – Present

Freelance – Self-employed, Remote

- Designed logos, social media graphics, posters, and marketing materials for clients across various industries.
- Collaborated with clients to understand project goals, brand identity, and design requirements.
- Refined concepts based on client feedback to deliver polished, high-quality visual assets.

Video Editor

2022 – Present

Freelance – Self-employed, Remote

- Edited short-form and long-form videos for social media, promotional campaigns, and personal brands.
- Improved pacing, transitions, audio, subtitles, and visual effects to create engaging content.
- Collaborated with clients to understand project goals and deliver edits aligned with their creative vision.

Head Graphic Artist

2022 – 2024

Boy Scout of the Philippines Unit #759 – Volunteer Work

- Designed social media graphics, event posters, certificates, and other visual communication materials.
- Coordinated design tasks, provided creative direction, and reviewed outputs to maintain quality and consistency.
- Collaborated with scout leaders and event organizers to produce effective visual materials that supported organizational activities.

PROJECTS

BetterTanay.org

BetterGov – Community-led Civic Technology Platform | React, TypeScript, Tailwind CSS

- Developed and customized a community-led civic technology platform that improves public access to government information, local services, and community resources for the Municipality of Tanay, Rizal.
- Tested, debugged, and refined website functionality to improve usability, responsiveness, and overall performance.
- Customized existing components and layouts to meet project requirements while maintaining a consistent user experience across devices.

EDUCATION

East Systems Colleges of Rizal

Expected May 2028

Bachelor of Science in Information Technology
